

Nation Lights

We made this site from scratch and we have migrated all products, orders, to Magento 2 platform.

A modern dining room with a round table, chairs, and a large chandelier. The room features a large window with a view of a forest, a chandelier with multiple white globe lights, and a round table with two decorative vases. The overall aesthetic is clean and contemporary.

At nation lights, you can find different types of Indoor and outdoor lights, bulbs, and fans. If you are in search of suitable lights for your bedroom, dining room or any other place, nationlights is the right place to go. They provide you the beautiful lights at great prices.

Planning

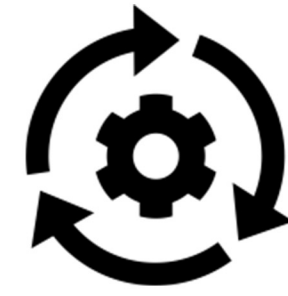

He was in need of clear design with mixture of lights, we planned the website design in such a manner. There were many requirements by the clients that if the customer's IP address is from the USA it should automatically choose USD, and If the customer's IP address is from Canada it should automatically choose CAD and many other requirements of such type were planned out to implement.

Strategy

We anticipated their greatest needs and challenges and we framed the strategy based on that. They were in need of lots of customized features and we framed the steps on the basis of that.

Implementation

- Site map work
- Categories setting
- Seo work set up
- Magento currency converter
- Live Chat

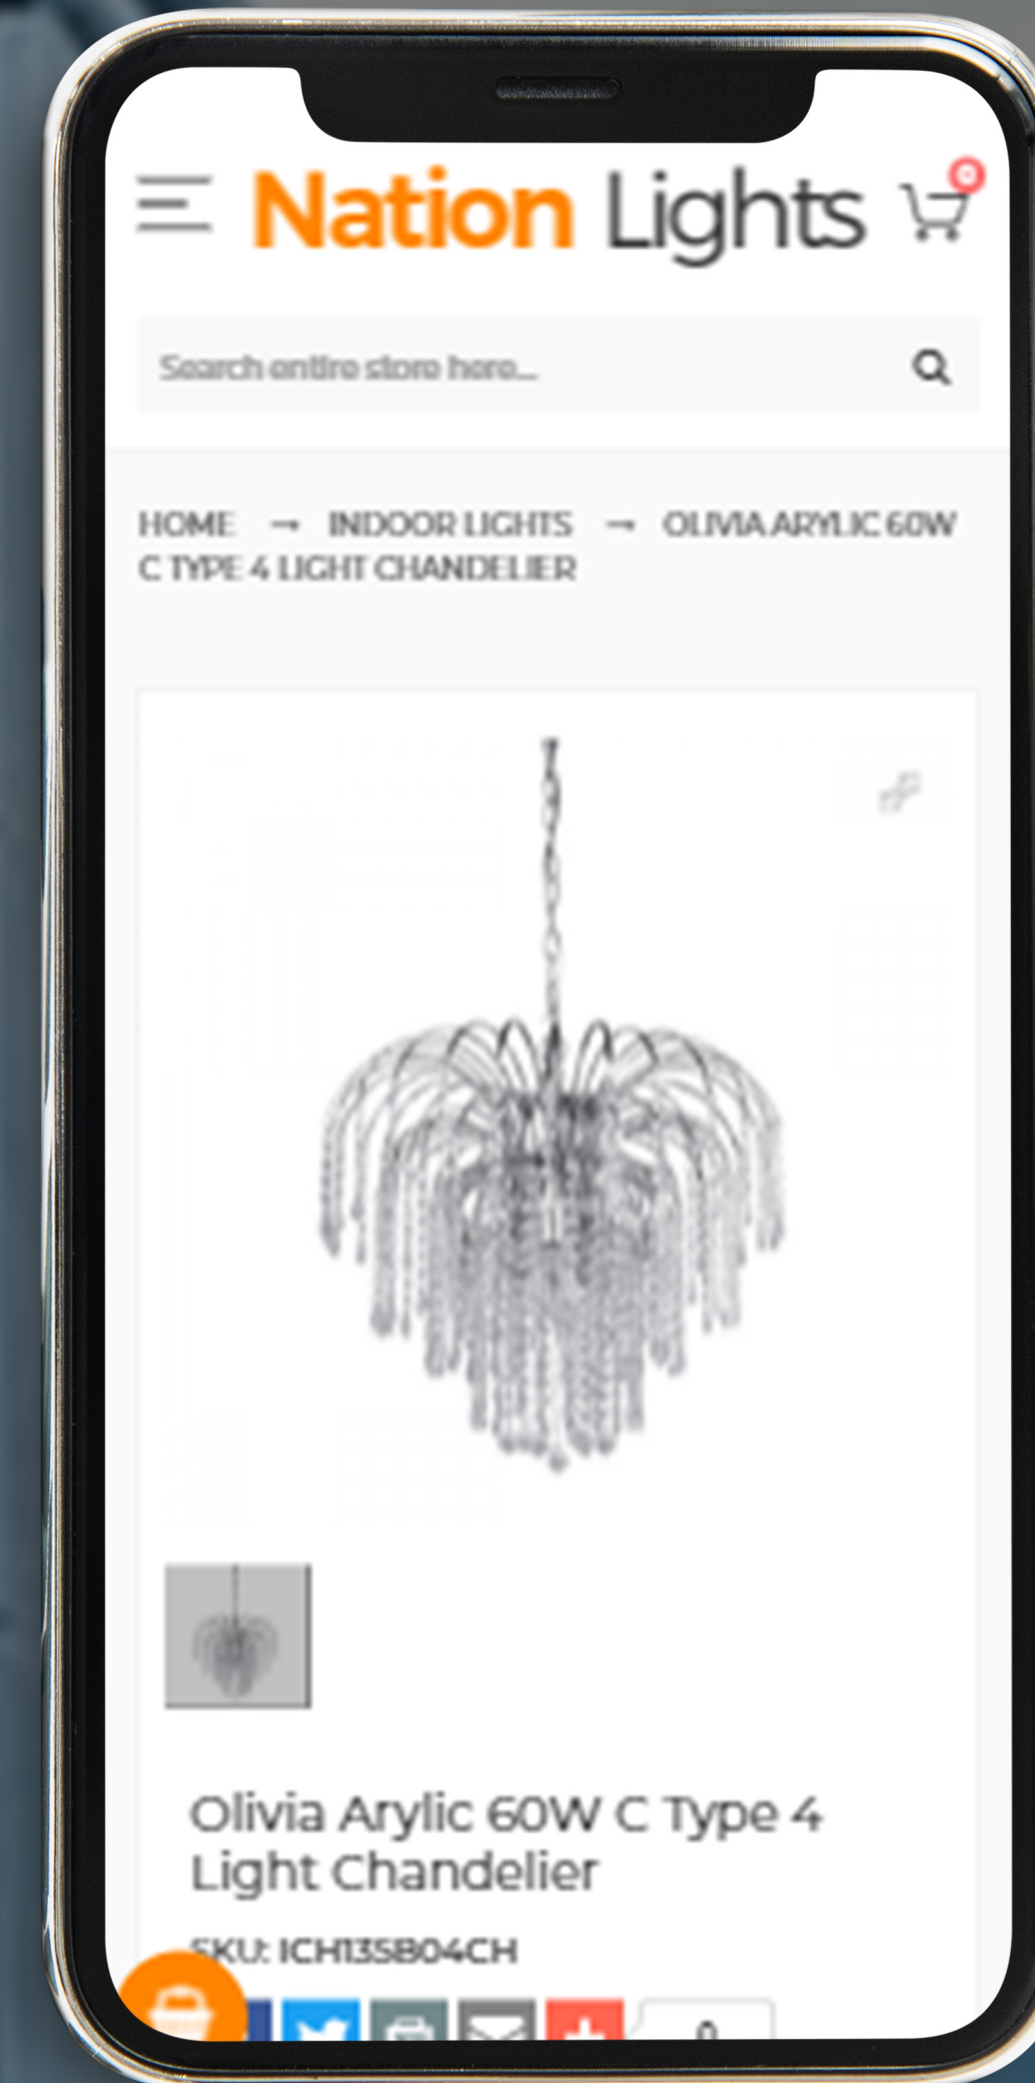

Results

It is beautiful, scalable and mobile-friendly website with all the features required.

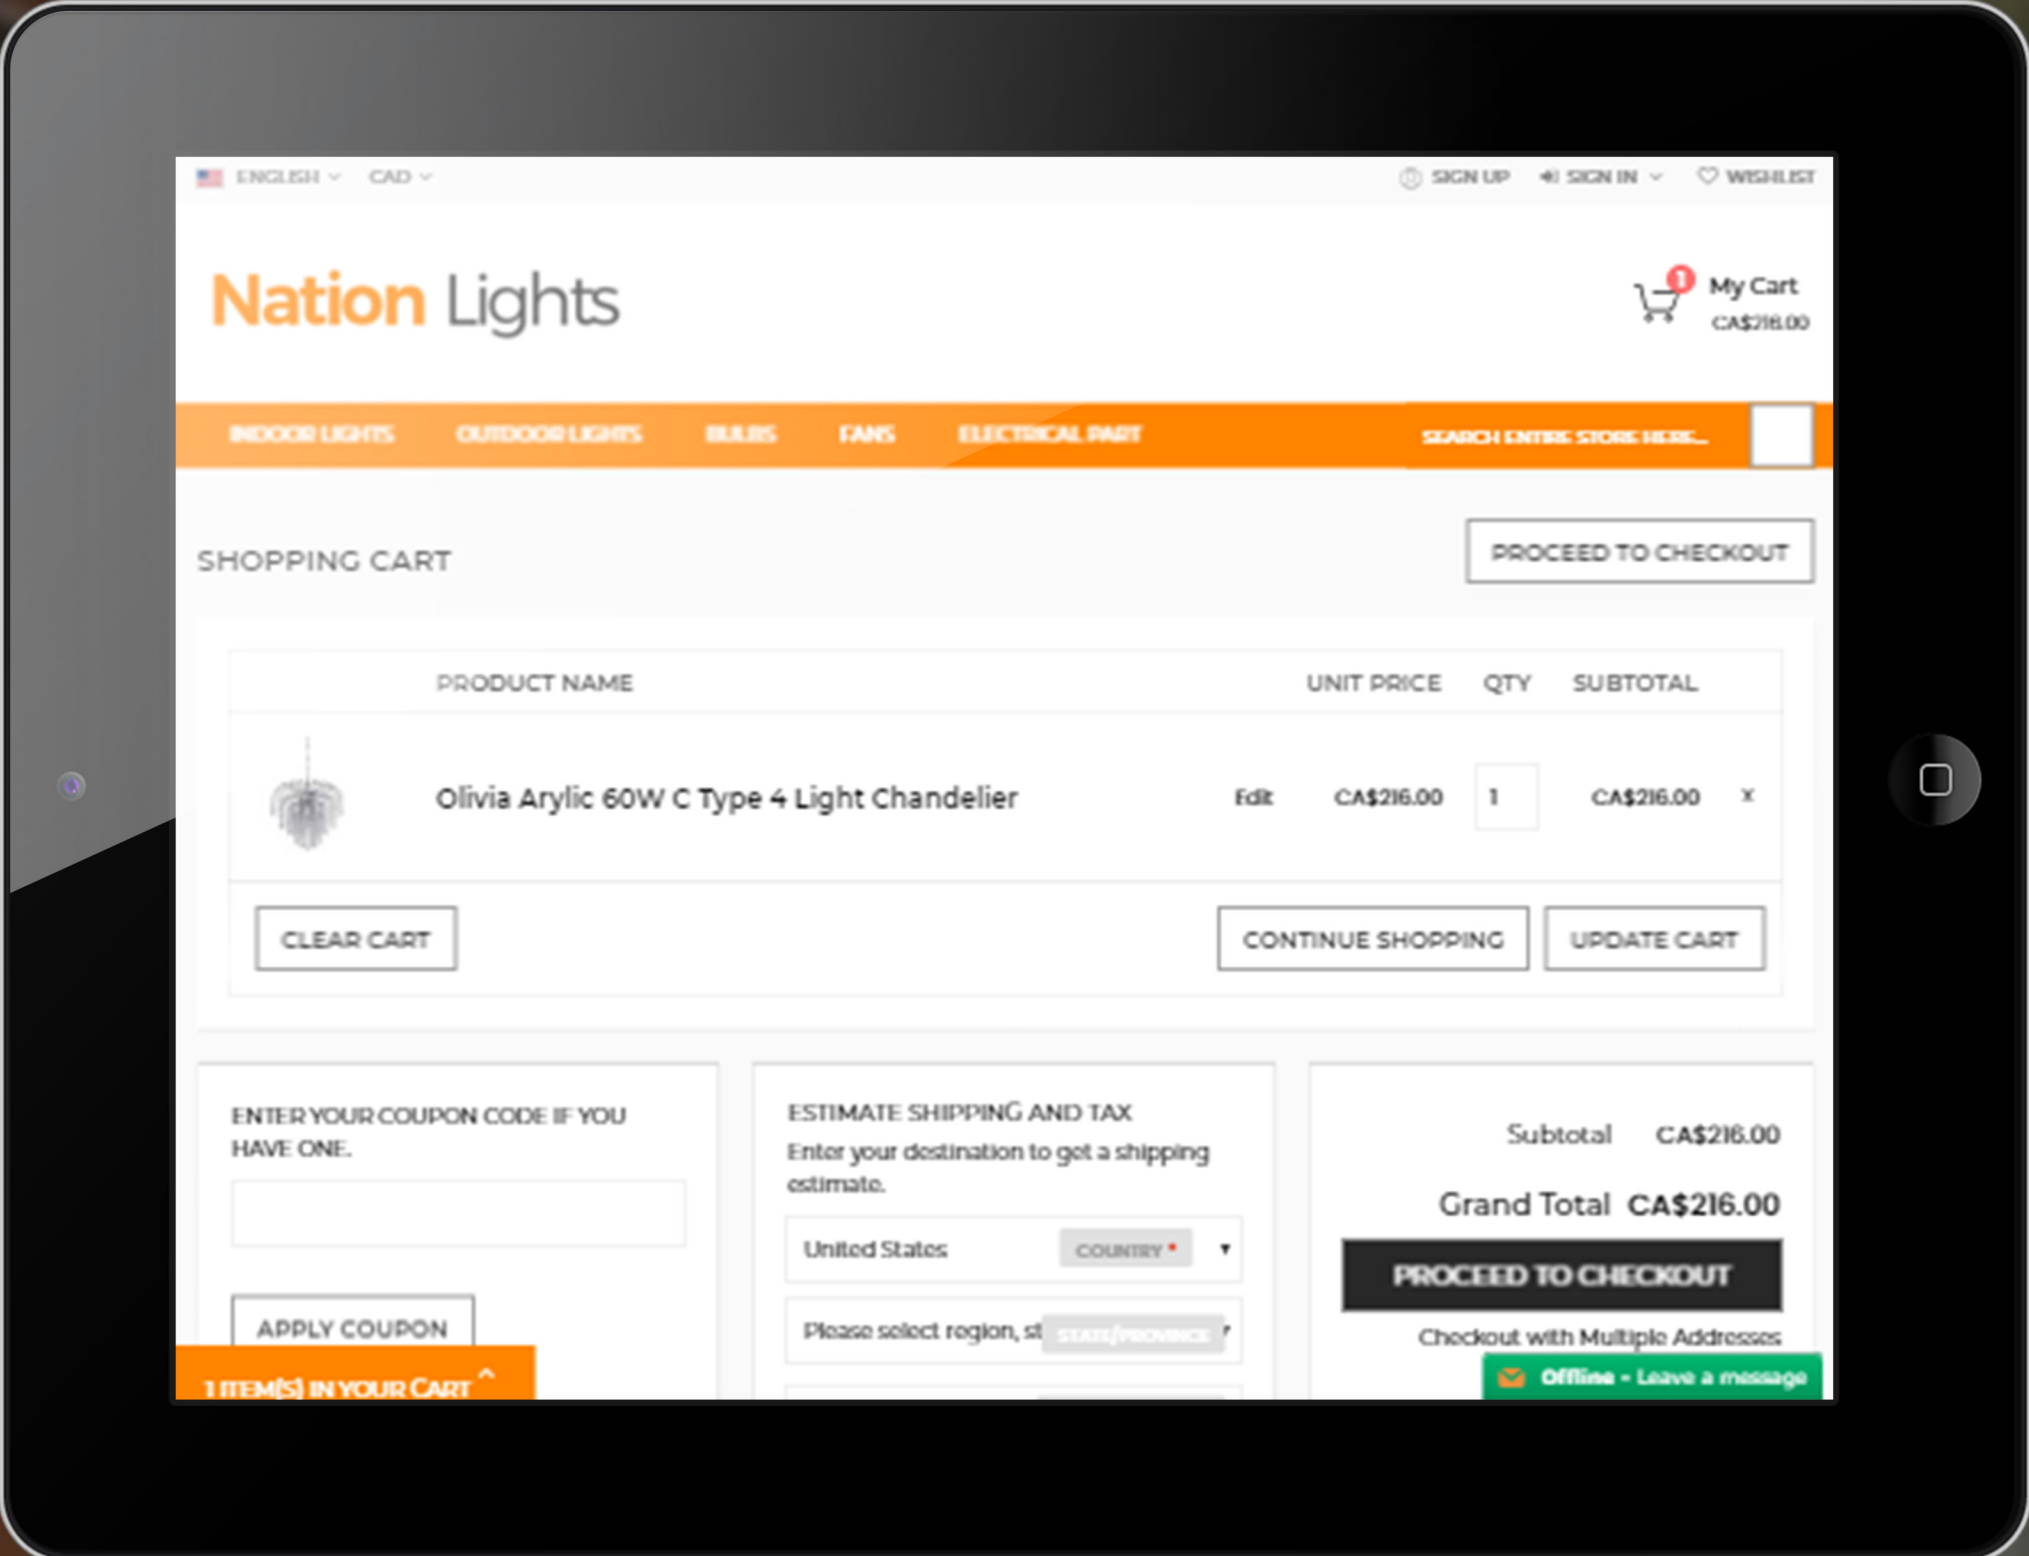

Mobile Responsive

same look and feel in your handy device.
